# Customer Reviews

“

”

”

This finance for non-finance course gave me useful insights into the field of corporate finance. I can use this skills in the real business situations. The course taught us the various valuation methods. It also showed us in which fields the concepts of valuation can be applied. Also, Tutor has provided detailed explanation on the business valuation process.

Divjot Singh

This online training on Corporate finance has helped me a lot. I learnt about all the concepts related to corporate finance with ease. A lot of examples were there to make a concept clear. This training helped me to do study at my own pace and not according to the scheduled classes.

LEPAKSHI GOSAIN

This finance for non-finance course clarified most of my doubts when it comes to income statement, Initially, I used to get confused in understanding reconciliation and also separating non-recurring costs. This course with practical Colgate example made it seem very simple. The examples taken through out the course were good.
