Frequently Asked Questions

Why should I do this Venture capital training?

You should do this course because this course can teach you everything about venture capital modeling. But if you don't have a basic knowledge of finance, you better skip it and learn finance first.

I'm not from a finance background. Should I do this venture capital training?

You may, but only if you have sufficient knowledge of finance.

Would this venture capital training add value to my career?

Yes. It would add tremendous value to your career. Once you do this course, you will learn how to create complex models for your company's venture capital needs. And as an employee, you may get a promotion for this particular skill.

Customer Reviews

“

I've been planning to get into Venture Capital for some time, and this course was the perfect way to get started. The instructor did a great job of working through a sophisticated financial model in a step-by-step method, which allowed me to become comfortable with the concepts, and understand the final result.

Aaron Robert Gagnon

”

This is a wonderful course to start with the Venture Capital Modeling as a whole. This course is primarily meant to cover the basics and will give you a overall basic idea where to start with Venture Capital Modeling. Instructions were pretty clear and lucid.

Rahul Roy

”

I love the course! It's simple, and comprehensive. The examples and instructions were explained very clearly.
